SAN FRANCISCO STATE COLLEGE
SUMMER SESSION

Number Three

Thursday, July 11, 1946

THIS WEEK'S EVENTS

It is gratifying to see so many of you enjoying the activities planned for you. The Sup'n' Chat, the music workshop Open House and art and craft exhibit, the Noonday Dance, all have been most worthwhile. TONIGHT, do not fail to attend AN EVENING IN CZECHO-SLOVAKIA with the Rouceks, Frederic Burk Auditorium, 8 P.M. Your Student Card or 50¢ will admit you.

COLLEGE PICNIC AT NEW CAMPUS

Summer Session's BIG event is the college picnic on the new 65 acre campus near Lake Merced, where Committee members have planned an exciting afternoon. CLASSES WILL BE DISMISSED AT 2 O'CLOCK. The Committe hopes to arrange for auto transportation for those without cars. There will be a potato-bake, a wienie roast, and other food available. Mr. Kaufman's and Mrs. Wakefield's classes in Social Recreation are sponsoring races, ball-games, and other activities (prizes too!) to test your skill. President Leonard and Dean Valentine will outline the activities possible in each new building, the prospective locations indicated by signs posted on each site. ALL SUMMER SESSION STUDENTS ARE CORDIALLY INVITED.

VISIT THE EMPLOYMENT OFFICE

This office, Room 114, College Hall, is always glad to hear from teachers seeking positions, and from students desiring part-time work. A large variety of calls for part-time help may include just the position you wish. The Employment Office is also willing to be of help to those seeking teachers or part-time workers.

TO ALUMNI MEMBERS:

Plans are being made to revive the Alumni Association of this college. Please sign the register outside Dean Ward's office, so that it will be possible to notify you.

COMMUNITY RESOURCES WORKSHOP FILM

The S. F. Housing Authority will present an excellent sound film, "More Than Shelter," in the S. F. Auditorium, Monday, July 15, 12-12:45 P.M. This fine film was made in San Francisco by local artists and gives a daring, dramatic picture of slums in our city and the tragedy found there. Mr. Audsley of S.F.H.A. will discuss some of the more serious housing problems in this area and explain the exhibit of charts and plans for new federal housing projects. DON'T MISS THIS SHOW.
